The **Peoria Chapter of ASM International** and **Central Illinois Chapter of AFS** would like to invite you to support our chapter by purchasing an advertisement in our ASM-AFS chapter yearbook and/or webpage. Advertising with us will allow you to expose new products and activities directly to companies like **Caterpillar, GE, Timken, ThyssenKrupp, Argonne National Laboratory, and Alcoa**, along with many other companies and academic institutions. We regularly communicate with approximately **350 individuals and affiliates**, including about **50 businesses**, through the **annual yearbook** we send to our members and through our **chapter email list**.

Support from companies like yours has funded **scholarships** for many deserving Materials Science and Engineering **students**. It has also allowed our chapter to participate in **volunteer activities** that bring Materials Engineering to a younger generation. Your support truly helps shape the minds of a **future generation** of engineers and scientists.

To purchase an advertisement, select one of the packages below and send an electronic copy of the material you would like to advertise to [info@asm-afs-peoria.org](mailto:info@asm-afs-peoria.org). Please make your check payable to ASM-AFS Central IL Chapter and send it to the P.O. Box listed above.

**If we receive your advertisement and payment prior to September 22, we will give you a free advertisement in our newsletter!**

**Platinum – \$300**

**Full Page Yearbook Advertisement** (approx. 4 ¼" W x 7 ½" H)
